

## Survey questions

### RCH National Child Health Poll Questionnaire: Gambling

Respondents were also asked a series of demographic questions including age, gender, postcode, income, level of education and country of birth.

The next few questions are about common health and wellbeing issues for teens and pre-teens. We are interested in your views on these issues in relation to your child(ren).

1. How concerned are you about the following for your own child(ren)? Please answer separately for each child aged 13 years or more. BY CHILD

Not at all concerned  
Somewhat concerned  
Very concerned

{PROGRAMMING present on carousel in random order}

1.1 Gambling  
1.2 Online gaming

2. How much have you talked about the following topics with your child/teen? We realise that some topics may not be relevant for some children. Please answer separately for each child aged 13 years or over. BY CHILD

Not applicable  
Not at all  
A little  
A lot

{PROGRAMMING present on carousel in random order}

2.1 Gambling  
2.2 Online Gaming

{BRANCHING: Offer Q3 only to respondents with partners i.e. those who respond no to Q9 on screening/demography questionnaire}
